

## INSpace™ Camp 2015

### Student Designed Space Science

Your child's interest in science will soar through a combination of Project Based Learning and STEAM (Science Technology, Engineering, Arts & Math) as we partner with Project Libertas School in Indianapolis Indiana. Join us as we talk about space and space exploration while challenging them to build projects that solve unique problems in manned and unmanned flight.

Over a period of 4 days, students will work on experiments and projects that sharpen their skills. They will put what they learn in school to use and learn even more from our Mission Specialists. It's totally fun and an experience they won't soon forget. Parents can join in on the fun any time and learn along side their children.

**High Altitude Balloon Launch  
Hands-on Projects (STEAM)  
Communications (HAM/RF)  
Meteorology/Earth Science  
Navigation/Flight Following**

Students will be required to utilize good engineering processes, math, and tactile skills. This is a great venue for summer learning and home school activities. We can help you with at home projects as well to support education requirements. There are plenty of cool people to meet and you'll learn from the best. Brown bag lunch each day and be ready for outdoor and indoor activities.

If you have more questions about the INSpace™ Camp program, please contact Megan Howey Hughes at Project Libertas School by email [mhoweyhughes@projectlibertas.org](mailto:mhoweyhughes@projectlibertas.org) or call 317.926.5812 You can also contact Spaceport Indiana at 765. 606.1512 or email [Contactus@spaceportindiana.com](mailto:Contactus@spaceportindiana.com). Seats are limited and on a first come first serve basis. All registration is done at [www.spaceportindiana.com](http://www.spaceportindiana.com) on the "Programs" page. Hope to see you there!

**Participants:** Students ages 8-17  
**Location:** Project Libertas School  
**Date:** June 23-26 2015  
**Time:** 9:00 am - 4:00 pm  
**Cost:** \$200.00 per person

Payment and registration is required online. No checks accepted. Payment through Paypal™ Merchant services on our website
