

addendum to Tech Agreement

We have found that we need to add these bullet points to our technology agreement. If you have any questions, please feel free to email me.

Addendum

Update to Technology/Internet Agreement (Date: 10.21.2019)

- While at school, the only permissible web browser is Google Chrome. Students may only log into their school (@staindy) accounts while at school using the St Thomas WiFi connection. No other internet connections are permissible (Cellular or WiFi).
- All student computers are subject to random internet history spot checks. Students that are found to have used off-task sites during class periods will have computer privileges revoked.
- Email accounts:
 - Personal and school email accounts must not be combined under your @staindy login.
 - Personal email accounts may not be accessed during school hours.
 - Students may not download chrome extensions or other apps on school-owned computers unless directed by a teacher. This is to protect students and hardware from malware and other security breaches.
- Students may not use school devices for social media.
